

Patrick Bybee

Regional Property Manager

Commercial Properties

SUHRCO Management, Inc.

As a Regional Property Manager, Patrick oversees the day to day operation of properties including Medical, Office, Retail and Industrial uses. He develops operating budgets, manages leasing and Tenant activities, ensures vendor and contractor performance, and directs maintenance and administration.

Patrick has been managing Residential and Commercial Properties since 2004, starting as a Facility Manager for High-Rise Mixed-Use Condominiums. He joined SUHRCO as a Residential Portfolio Manager and Community Association Manager in 2013 before transitioning to a Commercial Portfolio as a Regional Property Manager in 2015.

Patrick Bybee was raised in the Fresno, California. He attended California State University, Fresno before serving as a Submarine Nuclear Power Plant operator in the U.S. Navy.

After the Navy, Patrick worked as a mechanic/electrician for a Seattle pump company installing and repairing pumping equipment in some of Seattle's iconic landmarks including the Space Needle, Columbia Tower and Safeco Field.
