

Rebecca Silva
Community Association Manager

Rebecca brings excellent service to our clients within our condominium and HOA portfolios. Managing day to day activity, projects and communication between the board members and homeowners. Her portfolio consists of Mid-rise, HOA's and garden style communities.

Prior to SUHRCO, Rebecca has worked in property management and client facing service for over 10 years. Her knowledge in low income housing, commercial and residential property management bring great experience to provide SUHRCO clients the best partnership. Her passion is helping others and always making everyone's needs feel heard and respected.

When she isn't managing her portfolio you can catch her hitting the city to find the best food spots, cooking at home with her family or enjoying the outdoors when Seattle weather permits. A mother to two daughters name Luna and Solei, the sun and the moon – hands are always full.
