Dustin Speer
Regional Portfolio Manager
SUHRCO Residential Properties, LLC

With over 15 years of experience in residential property management, Dustin brings a unique blend of operational expertise, technological skill, and leadership to the industry. He began his career as a Porter and has held every on-site position within an apartment community, giving him a deep appreciation for and connection with on-site teams. His journey ultimately led to his Regional Portfolio Manager role, overseeing 9+ properties.

Holding a B.A. in Digital Technology, Dustin also brings valuable experience working as a web developer and content manager for small businesses to Fortune 500 companies. This background has allowed him to lead successful property management platform migrations, build and maintain business websites, and spearhead digital marketing strategies involving SEO, content creation, and social media.

Grounded in daily mindfulness practices such as transcendental meditation, kriya yoga, and breathwork, Dustin cultivates focus, emotional balance, and clarity—qualities that consistently enhance his leadership and ability to navigate challenges with composure.
