

Tesia Grover **CMCA**
Community Association Manager

"I am a dedicated Community Association Manager who brings integrity, enthusiasm, and a strong work ethic to every community I serve. I take pride in building positive relationships with Board members, homeowners, and vendors through clear communication, responsiveness, and dependable follow-through.

I have worked in the community association management industry for over 10 years. I began my career in Las Vegas, Nevada, one of the nation's most highly regulated environments for community associations, before relocating to Washington in October 2023. My experience includes managing a diverse portfolio of communities, ranging from multimillion-dollar single-family homes to large condominium associations. I enjoy navigating complex projects, learning new systems, and helping communities accomplish both their immediate priorities and long-term goals.

I am an active member of the Community Associations Institute (CAI) and hold the Certified Manager of Community Associations (CMCA®) designation. I am committed to continuing my professional education and expanding my industry knowledge.

Outside of work, I am a wife and the proud mother of two daughters, Audree and Rylee, who keep me active and smiling. My family and I love traveling and spending time outdoors. Some of my favorite activities include mountain biking, camping, fishing, hunting, golfing, playing pickleball, shopping, and making memories with my family.

I am proud to be part of SUHRCO Residential Properties and look forward to continuing to grow while providing thoughtful, professional service to the communities I manage."
